Subject: FFS Appendix D Figure 5.2

Len/Bruce:

I was reviewing Appendix D (EMBM) of the FFS and found reference to Figure 5-2 in the TOC and Section 5.3.2 but did not find it in the the PDF file - are you referring to Figures 5-2a and 5-2b as 5-2 in the TOC. If there is a separate 5-2 - can you forward this to me ASAP.

On a completely different topic - Mr Rozniak (dock builder/installer) is telling us that we need a NJ CAFRA permit to install the dock at the Rutherford site - we did receive the tidelands permit from Chris last week - but the CAFRA permit appears to an additional requirement - was there a determination that this was not required? Pls let us know.

Thanks

R/
Rob
